REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

With respect to claim 5, the prior art fails to disclose, in combination with all the limitations, providing a generator-motor describing a housing, an electric motor assembly, a stator assembly structure as defined in the claims, an electric generator assembly as described in the claims, a control assembly as described in the claims, a magnetic drive with bores for the magnets and having a plurality of apertures extending through a first side of the magnetic drive wheel into an associated bore.

With respect to claims 10, 16, 17, 19, the Prior Art fails to disclose the limitations described above and also having a bottom cap member coupled to magnets, a perimeter wall extending upward from the bottom cap, a top cap coupled to the perimeter wall and abutting a top portion and an outer edge of an arcuate segment top cap extending an arc of 80 degrees and those devices directing flux.

With respect to claim 18, the prior art fails to disclose, the limitations describe in claim 10 and also having a rotor assembly comprising a flywheel assembly and describing the flywheel assembly as defined in the claim and also having a plurality of coil members wrapped around horse-shoe shape magnets which are coupled to a control assembly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
